This unit does it all! At a fantastic price and easy to use, this unit is all music lovers need; with DAB, Bluetooth, full iPod control, CD and AM/FM radio, there are plenty of ways to listen to music. DAB in the UK is ever improving – both coverage and number of stations, so there are plenty of genres available to you with more purity and reduced noise compared to analogue. Bluetooth allows wireless connection to Bluetooth enabled phones so you can safely make calls and stream music. As if this wasn't enough, the unit also features full iPod/iPhone control and an AUX input so even more devices can be used with this unit to keep any music lover entertained.

Less is more with this great unit. With a short chassis this radio will fit into even the smallest of cabs. Great features include a front USB and AUX input with MP3 and WMA compatibility. The AUX input is great if you have a wide variety of music sources that can be connected via an AUX output or headphone jack.
