FOR FUTURE FARMERS

PEDAL TRACTOR

The pedal tractor features Valtra's fifth-generation design with amazing chrome details and metallic bronze paintwork. The hood opens up to reveal storage space. A new feature introduced in this model allows you to adjust the seat between four different positions. The adjustment mechanism locks when the seat is loaded (child on board), thus preventing the seat from moving accidentally while in use. Moving at an angle, the height of the seat can also be adjusted. In the forward-most position, the seat is at its lowest allowing smaller children to reach the pedals with ease, while the furthest setting places the seat higher for older children to use the tractor comfortably without banging their knees. A roll bar is installed behind the seat. The tractor features a protected fixed-chain drive and an especially strong 12-mm rear axle. Stub axle steering enables a small turning radius. Attachments for both the front and the rear of the tractor are sold separately. The tread covering the plastic tires reduces tire noise. Measurements 110 x 52 x 54 cm. Net weight 15.6 kg. Recommended age 3–10 years. Manufacturer Rolly Toys. Made in Germany.
