

# Grass Kits Accessories Quick Reference Guide

# Grass Kits

## Accessories

For continued cutting edge,  
sophisticated performance in the field

Don't compromise your Fendt implement's performance. Ensure you only use Genuine Fendt replacement parts and accessory kits.

If the grass kits range highlighted does not include the part or application you are looking for, don't hesitate to contact your local dealer for more information.

## Accessories

### Contact wheel (18/6.50-8)

- optionally available spring-centred creeper wheel
- upper link is in a hanging mounting link on the 3 point hitch)
- contact wheel always sets down on ground in direction of travel
- tractor 3-point hydraulics can be driven in floating position
- contact wheel takes over the guiding of the machine over the contours of the ground
- tedder is guided independently of the tractor

	<b>FELLA</b>	<b>FENDT</b>

### Contact wheel (15/6.00-6)

- optionally available spring-centred creeper wheel (upper link is in a hanging mounting link on the 3 point hitch)
- contact wheel always sets down on ground in direction of travel
- tractor 3-point hydraulics can be driven in floating position
- contact wheel takes over the guiding of the machine over the contours of the ground
- tedder is guided independently of the tractor
- very small space between contact wheel and tines, i.e. optimal adjustment of the machine to the ground and better performance
